PROFILE

I'm an experienced front-end developer with a passion for creating exceptional web experiences. With over 4 years of experience in the field, I've honed my skills in transforming creative designs into functional and responsive web interfaces.

EMPLOYMENT HISTORY

Oct 2019 — Present

Front End Developer, nav9

Pelotas

In my role as a Front-End Developer at Nav9, I bring with me a broad experience across various sectors, contributing to our goal of creating cutting-edge web experiences. With a background that encompasses education, internal banking systems, digital marketing projects, and trivia games for globally recognized sports leagues, I have refined my skills, particularly excelling in React, Next.js (especially in SEO-focused projects), Gatsby (on platforms that require SSG).

Education Sector:

In the education sector, I've had the privilege of developing platforms used by major Brazilian school networks. My work has facilitated seamless communication, streamlined processes, and enhanced the learning experience for numerous students, educators, and administrators.

Banking Internal Systems:

In the banking world, I've applied my front-end development expertise to enhance internal systems, with a strong emphasis on automating and digitizing complex forms. This approach ensures efficiency, security, and a user-friendly interface for financial professionals.

Digital Marketing Projects: In the dynamic field of digital marketing, I have actively participated in crafting platforms that simplify the creation of sales funnels and landing pages.

Sports Leagues:

The trivia games I've developed for globally recognized sports leagues have brought fans together, fostered community engagement, and improved interaction with beloved sports brands.

At Nav9, I continue to channel my passion for front-end development into creating engaging, responsive, and user-centered web interfaces, with React and Next.js as my primary tools of choice. I am committed to staying at the forefront of industry trends and technologies to drive innovation and uphold our commitment to excellence. Na Nav9, continuo direcionando minha paixão pelo desenvolvimento front-end na criação de interfaces web envolventes, responsivas e centradas no usuário, com React e Next.js como minhas principais ferramentas de escolha. Estou comprometido em permanecer na vanguarda das tendências e tecnologias da indústria para impulsionar a inovação e manter nosso compromisso com a excelência.

Jul 2019 — Oct 2019
